

FORGED CANDLESTICK CLASS

In this one day class taught by blacksmith Roy Adams, we will cover the techniques it takes to forge steel pipe. This will include tapering, twisting, and flaring pipe. We will be forging the pipe for use as a candlestick. Alternatively, these same concepts can be used to forge pipe to create a steel vase. Candlesticks will make a wonderful centerpiece for your holiday meals. Basic forging skills required.

Date: Saturday November 11, 2017
